Spiral HDPE / PP Tanks :

We offer premium quality wide range of tanks made with PE-80 and PE-100 extrusion grade material. These tanks are available in Cylindrical vertical ,Cylindrical horizontal , Square and Rectangular shapes . HDPE and PP tanks are manufactured by Unique 'Winding' process with DVS standards by Germany . Which have high corrosion resistance

Capacity :- 0.5 to 60 KI

Diameter :- 300 mm to 3600 mm

Length :- Upto 6000 mm

Temperature :- -30° CTO +60°C (PP +100°C)

Spiral Reactor :

We will give you different types of reactor (Mixer) of SS, PP-FRP, HDPE, PP with different types mixing blades and agitator . We also provide complete reactor vessel assembly which includes gearbox, motor MS structure ,Agitator fittings etc

Capacity :- 0.5 to 60 KI

Diameter :- 300 mm to 3600 mm

Length :- Up to 6000 mm

Temperature :- -30° CTO +60°C (PP +100°C)

Square and Rectangular Tanks :

We provide wide range square and rectangular Tanks to meet your requirements (Max 11m) even longer in special purpose . These tanks are specially used for 7 tank Process , anodising , etc

Transportation tanker :

We manufacture the transportation tanker with HDPE/PP Lining which will give you the best solution for corrosion and easy to transport hazardous chemicals, which will give longer life as compared to normal MS tanker with rubber lining.

Scrubber System :

We have with us wide range of HDPE/PP and FRP scrubbers and fumes absorber which are used in scrubbing hazardous gases, these scrubbers are made with high grade material for better result and long life

Nutsch Filter :

We manufacture wide range of nutsch filter with easy transportation attachment made from high grade HDPE and PP

Pipeline

We will provide you all types of Pipeline works, fittings in HDPE, PP, PP-R, material to fulfill your needs, from size 20 mm to 1000 mm in various sizes and pressure

CORPORATE PROFILE

We are one of the leading organisation of manufacturing HDPE and PP Tanks with high quality virgin (PE- 100 grade) material for high quality and better performance .The principle of company is to offer trust-worthy & quality products at competitive prices, in addition to this, we also offer timely after sales services to our clients at their destination within short frame of time. Working as per International standards is our main strength

QUALITY POLICY

We at ULTRON INDUSTRY design, manufacture & supply HDPE,PP and SS storage tank, Reactor,Chemical Process equipment ,custom fabrication. We will strive to deliver products in line with global quality standards .

We consider total satisfaction is of great importance and hence we work hard with our skilled worker to achieved it . We go through each and every stage of our production process with high quality equipment and testing process which is surety of excellent quality
